Provided that the multimodal transport operator shall not be liable if he proves that no fault or neglect on his part or that of his servants or agents had caused or contributed to such loss, damage or delay in delivery:

Provided further that the multimodal transport operator shall not be liable for loss or damage arising out of delay in delivery unless the consignor had made a declaration of interest in timely delivery which has been accepted by the multimodal transport operator.

Explanation — For the purposes of this sub-section, "delay in delivery" shall be deemed to occur when the consignment has not been delivered within the time expressly agreed upon or, in the absence of such agreement, within a reasonable time required by a diligent multimodal transport operator, having regard to the circumstances of the case, to effect the delivery of the consignment.

(2) If the consignment has not been delivered within ninety consecutive days following the date of delivery expressly agreed upon or the reasonable time referred to in the *Explanation* to sub-section (1), the claimant may treat the consignment as lost.

Limits of liability when the nature and value of the consignment have not been declared and stage of transport where loss or damage occurred is not known. — (1) Where a multimodal transport operator becomes liable for any loss of or damage to, any consignment, the nature and value whereof have not been declared by the consignor before such consignment has been taken in charge by the multimodal transport operator and the stage of transport at which such loss or damage occurred is not known, then the liability of the multimodal transport operator to pay compensation shall not exceed two Special Drawing Rights per kilogram of the gross weight of the consignment lost or damaged or 666.67 Special Drawing Rights per package or unit lost or damage, whichever is higher.

Explanation — For the purposes of this sub-section, where a container, pallet or similar article of transport is loaded with more than one package or unit, the packages or units enumerated in the multimodal transport document, as packed in such container, pallet or similar article of transport shall be deemed as packages or units.

15. Limits of liability when the nature and value of the consignment have not been declared and stage of transport where loss or damage occurred is known. — Where a multimodal transport operator becomes liable for any loss of, or damage to any consignment, the nature and value whereof have not

been declared by the consignor before such consignment has been taken in charge by the multimodal transport operator and the stage of transport at which such loss or damage occurred is known, then the limit of the liability of the multimodal transport operator for such loss or damage shall be determined in accordance with the provisions of the relevant law applicable in relation to the mode of transport during the course of which the loss or damage occurred and any stipulation in the multimodal transport contract to the contrary shall be void and unenforceable.

16. Liability of the multimodal transport operator in case of delay in delivery of goods under certain circumstances.— Where delay in delivery of the consignment occurs under any of the circumstances mentioned in the *Explanation* to sub-section (1) of section 13, or any consequential loss or damage arises from such delay, then, the liability of the multimodal transport operator shall be limited to the freight payable for the consignment so delayed.

17. Assessment of compensation.— (1) Assessment of compensation for loss of, or damage to, the consignment shall be made with reference to the value of such consignment at the place where, and time on which, such consignment is delivered to the consignee or at the place and time when, in accordance with the multimodal transport contract, it should have been delivered.

(2) The value of the consignment shall be determined according to the current commodity exchange price, or, if there is no such price, according to the current market price, or, if the current market price is not ascertainable, with reference to the normal value of consignment of the same kind and quantity.

18. Loss of right of multimodal transport operator to limit liability.— The multimodal transport operator shall not be entitled to the benefit of the limitation of liability under any of the provisions of this Chapter if it is proved that the loss, damage or delay in delivery of consignment resulted from an act or omission of the multimodal transport operator with intent to cause such loss, damage or delay or recklessly and with knowledge that such loss, damage or delay would probably result.

19. Limit of liability of multimodal transport for total loss of goods.— The multimodal transport operator shall not, in any case, be liable for an amount greater than the liability for total loss of goods for which a person will be entitled to make a claim against him under the provisions of this Ordinance.

20. Notice of loss of or damage to goods.— (1) The delivery of the consignment to the consignee by the multimodal transport operator shall be treated as *prima facie* evidence of delivery of the goods as described in the multimodal transport document unless notice of the general nature of loss of, or damage to, the goods is given in writing, by the consignee to the multimodal transport operator at the time of handing over of the goods to the consignee.

(2) Where the loss or damage is not apparent, the provisions of sub-section (1) shall apply unless notice in writing is given by the consignee of the

loss of, or damage to, the goods within six consecutive days after the day when the goods were handed over to the consignee.

General Recommendations

- (i) Presently, there is a restriction to allot land on lease from Comunidades for construction of residential houses, for those having any residential houses or building site within 8 kms. from the Comunidade. The Committee has recommended that this limitation may be altered so as to give benefit in greater measure to the Goans, as in Goa there has been shifting of people from the rural to Urban areas due to urbanization and adopting of different avocations.
- (ii) The Committee also suggested that a survey may be conducted of all comunidade lands which has been allotted to different persons on lease to detect cases wherein this facility has been misused with commercial intentions.

(iii) The Government should take the action against the Talathis of the nature of major penalty, who are found to be indulging in giving false residence certificates in order to encourage or help the person to avail the benefit by wrongful means.

7. This report was considered and adopted by the Committee in its meeting held on 7th December, 1992.

8. The Committee is thankful to the Law Secretary, Revenue Secretary and Under Secretary (Revenue) and officers and staff of the Legislature Department for their active cooperation.
